

EMART 5x7 ft Non-Woven Fabric Solid Color Green Screen Photo Backdrop with 2 x Backdrop Clamps for Photoshoot, Studio, Video and Television Review-2021

[Read Customer Reviews](#)

Emart green screen backdrop is made from durable non-woven fabrics, which is a good alternative product for professional background cloth. Suitable for photography shooting, making video, portrait photo.

Eliminate reflections : surface of the non-woven fabric has a three-dimensional network structure the color of the background cloth is soft, and the reflection can be eliminated to the utmost extent.

Lightweight background : Weight: 170g. Non-wove green screen no pollution, light weight, small volume, foldable. Easy to hang behind your anywhere and thin enough to pack easily for transport and storage.

Durable spring clamps : 4.5 inches, max opening 2 inches. Provides instant holding power and comfortable grip. Perfect match with background cloths.

Kit include: 5x7ft green screen backdrop *1, spring clamps *2, NOTE : There are kink mark due to transportation, you can hung it up or set the temperature of the steam ironing machine to around 90 degrees, then GENTLY PRESS the folded part evenly. NON-WOVEN FABRIC

large enough for most photographic occasions, Made from durable non-woven fabrics, which is a good alternative product for professional background cloth.

WATER WASHING

Made from a single piece of cloth without any other material involved, and should it become stained, it can be dry cleaned or hand washed (Partial cleaning).

SUPPORTING THE SPRING CLAMPS

The product comes with 2 Clamp which can hold the cloth on the crossbar. High strength spring make these clamps very easy to use and tough enough to work with. Even use the clamps for a long time.
