Optional 10 mm removable EVA insole (sold separately)

Model: VNN1

Voyager All Season Overshoes

Nature can be messy, especially during the spring and winter months. Stay prepared in rain, snow, slush and mud with these NEOS 10-inch Voyager Nylon All Season Overshoes, designed to fit over your work boots or casual shoes to keep them lasting longer.

Made with a windproof and waterproof nylon upper, these overshoes have an extra-wide gusset that can slip over your biggest boots with ease. Make some quick adjustments with the hook and loop strap system, and you're ready to go. As tough as your work shoes, these overshoes have a rugged Perma outsole for traction on all types of terrain.

Features

Water and Windproof

Tough yet lightweight 500 denier nylon upper is water and wind resistant, and won't snag on brush or thistles.

Easy On / Off

Extra wide opening gusset allows for easy on and off over work boots and shoes.

Reliable Traction

Slip-resistant Perma outsole with excellent traction for rugged terrain.

Secure Fit

Hook and loop strap system combine with inner bootie for a secure, comfortable fit. 10 millimeter EVA insole adds more cushioning (sold separately).

Light and Compact

Lightweight construction helps prevent foot and leg fatigue, with no bulky material to slow you down.

Compact design allows for easy storage.

Multi-Purpose

Lightweight but rugged design allows for use at work, recreation or for wilderness adventures.

Orthopedic footwear and snowshoe compatible.
