[Read Customer Reviews](#)

[UPGRADED LANDSCAPE SCREEN]: KM29 with 1.8" TFT color display screen and buttons offers a wider visual interface for more information. Output QC3.0 fast charge port and 5V/2.4A USB port; rotate the gooseneck 350-degrees for a comfortable viewing angle.

[Multi-Functional]: Supports incoming call announcement, fast-forward & fast-backward, 4 music input sources, and 5 EQ play modes; The Nulaxy KM29 has a built-in microphone and supports hands-free talking and private calls.

[Crystal Clear Music from 4 Sources]: Supports Aux/ Bluetooth/ USB/ TF Card. KM29 car radio transmitter adopts advanced interference and noise cancellation technology - CVC technology creates full duplex sound and suppresses noise and wind.

[Extra Features]: Plug-in or press any button to power on. Smart QC 3.0 USB charges compatible devices up to 4x speed of the conventional car charger. Built-in over-current, over-voltage, intelligent temperature control and short circuit protection.

[Safety Functions]: Safety first. The KM29 is equipped with a voltmeter to show you the condition of your car battery. Voltage should be between 13.2V to 14.7V when your car is on and moving. 12.2V to 12.8V when your car is parked and ignition is off. IC:26752-KM29.HVIN:KM29Smart QC3.0 Quick Charge

The KM29 fm transmitter is designed with 3 USB port, one is smart QC3.0 quick charge, the other is 5V/2.4A. Then you can share the usb car charge port with your friends. The third USB port of KM29 is designed for reading usb files.

#### 4 Modes To Play

The KM29 fm transmitter has a wide range of play modes such as Repeat All / One / Folder and Random. Also, in USB/TF card mode, you can press M button and select Folder with the Multifunction button, to view files by name.

#### Hands-free & Private Calls

KM29 built-in microphone to supports hands-free talking and private calls. It notifies for incoming calls so you'll never miss important one. It also supports Answer / Hang up / Reject / Redial through the multifunction with easier operations.

#### Multiple Security Protection

Safety is our first concern. The Nulaxy KM29 bluetooth fm transmitter has built-in over-current protection, over-voltage protection, intelligent temperature control and short circuit protection to ensure a safer driving.
