

# Panasonic Facial Hair Trimmer for Women ES2113PC, with Pivoting Head and Eyebrow Trimmer Attachments, Dry Use, Battery-Operated Review-2021

[Read Customer Reviews](#)

**Smooth pivoting head:** The Panasonic facial trimmer uses a smooth pivoting head to gently follow the natural contours of the skin to closely and precisely trim unwanted hair on the face, chin and neck

**Gentle for all skin types:** This personal shaver is equipped with a round tipped, super thin hypoallergenic blade to trim safely on sensitive skin without irritation

**Additional eyebrow trimmer attachments:** Trim and groom eyebrows with two precision snap on eyebrow shaper comb attachments Comb A (approx. 8 millimeter & 6 millimeter), Comb B (approx. 4 millimeter & 2 millimeter)

**Sleek wand design:** This facial trimmer has been designed with a sleek, stylish profile to fit comfortably in either hand for total control and slip easily into the beauty kit, bag or purse for trimming anytime and adding a finishing touch

**Cordless and battery operated:** Panasonic trimmer is fully powered by one AAA size battery (not included); Operating time is approximately 8 shaves  
Panasonic Facial Hair Trimmer for Women ES2113PC

**Battery-Operated Dry Use Hair Trimmer**

Quickly and comfortably remove unwanted hair from face, neck and body with the Panasonic Facial Hair Trimmer for Women ES2113PC. For use as an eyebrow trimmer and brow shaper, upper lip hair remover, plus nose and ear hair remover, this hair trimmer features a pivoting trimming head to gently follow the natural contours of your face for superior coverage and comfort. Ultra-sharp, hypoallergenic blades treat your skin with gentle care. Two eyebrow trimmer comb attachments are included so you can easily trim and shape to your desired length and style. For trimming away from home, the Panasonic personal groomer's compact size lets you easily take it along in a makeup pouch or purse.

**At a Glance:**

Smooth pivoting head

Gentle for all skin types

Two eyebrow trimmer attachments

Sleek wand design

Cordless and battery operated

**Features & Benefits**

**Smooth-Pivoting Head Comfortably Removes Unwanted Hair**

Quickly, safely and completely remove unwanted hair on the face, chin, neck and other areas. The Panasonic personal shaver's smooth-pivoting head swings 10 degrees to the left and right to glide easily along the natural contours of your face for close, comfortable facial trimmer and hair remover results.

**Hypoallergenic, Stainless Steel Blades Gentle on Every Skin Type**

Equipped with ultra-thin, hypoallergenic stainless-steel blades and a unique rounded blade tip, the Panasonic trimmer and personal groomer provides gentle, precision trimming on even the most sensitive skin. Since these super-sharp, long-lasting facial hair removal blades are designed for optimum results when used dry, there's no need to apply soap or lotion before trimming. You can even trim over makeup.

**Two Eyebrow Comb Attachments Help Beautifully Trim Eyebrows**

For trimming and shaping eyebrows, two precision, snap-on eyebrow shaper comb attachments are included to easily and expertly trim eyebrows to your perfect length and style. Each comb features small and large cutting options, with Comb A sized approximately 8mm & 6mm, and Comb B approximately 4mm & 2mm.

**Sleek Wand Design for Comfortable Control**

The facial hair remover for women has a sleek, stylish wand design that fits naturally and comfortably in either hand for total control. The cordless, battery-operated trimmer is fully powered by one AAA-size battery (not included).

**Lightweight and Compact for Easy Travel**

For facial hair removal away from home, the facial hair remover slips easily into any drawer or beauty kit for convenient storage, or into any bag or purse to take with you everywhere.
