**Clean, Precision Trimming**  
Portable and battery-powered, the Panasonic Nose Hair Trimmer and Ear Hair Trimmer ER430K with Vacuum Cleaning System utilizes a unique micro-vacuum system to draw ear, nose and other facial hair clippings into an easy-clean chamber.

## Features & Benefits

**Legendary Japanese Blade Technology for Craftsmanship and Quality**

Advancing the Japanese art of crafting exceptionally sharp and durable swords, Panasonic has applied its state-of-the-art blade technology to the Panasonic ER430K Nose and Ear Hair Trimmer. The result is precision blades of extraordinary strength and performance and the outstanding edge you need for comfortable grooming.

**Smart Vacuum Cleaning System Makes Cleanup a Breeze**

The Panasonic men's nose hair trimmer makes nose clipper hair particle cleanup a breeze with an advanced micro-vacuum system designed to quickly and neatly collect and deposit nose, ear and other trimmed hair particles into an easy-clean collection chamber, as well as keep the ears and nose free of debris. This advanced nasal hair trimmer system also retains the proper volume of nose hairs for healthy natural filtering.

**Dual-Edge Blades Provide a Clean Cut**

The uniquely curved, dual-edge stainless steel blades designed into the Panasonic ER430K personal hair trimmer and eyebrow shaper cleanly cut nose, ear and other hair entering the trimmer from both sides and top. Perfect for clipping and trimming individual stray hairs on the face, eyebrows, upper lip and other areas, this nose trimmer can also be used as a mustache and beard detail trimmer.

## Additional Features & Benefits

**Comfortable, Ergonomic Design for Easy Handling**

Designed to fit naturally and comfortably in either hand, this Panasonic nose trimmer personal hair groomer includes a gently curved, ergonomic design for ease and comfort and a sure-touch grip to provide total control as you cut, clip, shape and trim. For added convenience, this nasal hair trimmer can be used in the shower.

**Washable Hair Trimmer Cleans Under the Faucet**

Fully immersible in water, the Panasonic ER430K nose clipper for men and women is fast and easy to clean. Simply rinse the blades under warm running water for quick, hygienic cleaning. You can also clean the personal hair groomer in the shower. A cleaning brush is included to easily clean away stubborn hair particles.

**Wet/Dry Shave Convenience for Your Personal Preference**

This wet/dry men's and women's nose hair trimmer can easily and comfortably be used to trim nasal and other facial hair over the bathroom sink or wet in the shower. Because it's designed for full water immersion, it performs just as efficiently in the shower as it does at the sink.

**Rotary System with Safety Cone Helps Protect from Cuts**

The Panasonic electric nose hair trimmer uses a thoughtfully designed rotary blade system with circular blade action for efficient nose and ear hair trimming. This personal groomer lets you get in

along the inside of the nose or ear wall for a close and neat trim. An outer safety cone guides hair into the blades and prevents the blade itself from coming in contact with the skin to protect it from cuts or injury.

#### Additional Details

##### Lightweight and Compact for Easy Travel

With its portable, ergonomic design, the lightweight (less than 4 ounces) the Panasonic ER430K Ear & Nose Trimmer fits neatly into bags and luggage for easy use while travelling. A travel pouch and cleaning brush are included for travel and storage, and on-the-spot maintenance.

##### Single Battery Convenience

For portability and convenience, this Panasonic nose clipper for men and women is powered by one AA-size battery (single use or rechargeable, not included) for nose and ear hair trimming, face hair removal, eyebrow shaping, upper lip hair removing, and for use as a mustache and beard detail trimmer anytime, anywhere.
