

PARACORD PLANET Paracord (50+ Colors) - 1,000 Foot spools - 250 Foot spools - 100 feet Hank Review-2021

[Read Customer Reviews](#)

100% nylon sheath with 7 type III twisted inner strands means this paracord will stand up to just about anything. With a 550 pound tensile strength, you can be sure to be prepared for anything. Made in the USA. Paracord Planet's 550lb paracord is made in the US by certified US government contractors ensuring strength and durability.

Paracord Planet's paracord is UV and mold/mildew resistant. Our paracord has a smooth texture that doesn't fray with friction

Multi-purpose cord ready for whatever you need it for. Paracord Planet's 550 parachute rope is perfect for camping, crafting, hiking, making paracord projects like bracelets, lanyards, necklaces or paracord coasters or cozies, self-defense tools, wrapping hatchets, knives, or tools, it's great to have at the lake, on your boat, for boy scout and girl scout troops, and much more!

Paracord Planet is a US owned business and strives to supply you with the best and toughest cord you need for any situation! Review 2021, feedback 2021, promo code, discount code 2021, buy, picture, description, sale, price comparison, cheap, cheapest, value for money.
