Pearl Screw Back Earrings for Girls

At In Season Jewelry, we strongly believe that our children's jewelry should be fun, stylish and affordable. Using the best existing materials in the market and, with fair prices, In Season Jewelry nowadays offers the largest collection of high quality baby, kids, teens and women's jewelry online. **Safety Screw Backs** Screw backs are ideal for babies, infants, toddlers, and little girls on the go, a very secure and comfortable fit that will keep the earrings in place without pushing on your child's earlobes. To secure the earrings: While holding the earring, put the screw on backs in position and twist until the backs are firmly in place. Don't force the thread as this might permanently ruin your child's earrings.

Care Instructions With proper care, your jewelry will last a lifetime. To minimize scratches and protect your jewelry from the elements of daily exposure, store your jewelry either in a soft cloth pouch or in a separate compartment in a jewelry box. Avoid exposing your jewelry to salt water, household chemicals, any kind of perfume, or chlorinated water when swimming, as these chemicals can damage your jewelry. To clean jewelry, use a solution of warm water and detergent-free soap and dry with a hair dryer or soft cloth.
