Natural Magnetism

Toppik gives the instant appearance of a thick, full head of hair. Toppik Hair Building Fibers are made from natural Keratin of the highest grade, the same type of protein found in real hair, which makes it look completely natural and undetectable. These natural Keratin fibers have an innate static charge that ensures they adhere to any type of hair—even the finest of hair—and resist wind, rain and perspiration.

9 Different Shades

Hair Colors

Toppik Hair Building Fibers come in 9 shades and can be used to match any hair color. The Fibers are also 'colorfast', which means they won't run or rub off on clothes or pillows.

Toppik Hair Building Fibers can also be used to cover both gray roots and color-treated root re-growth! Review 2021, feedback 2021, promo code, discount code 2021, buy, picture, description, sale, price comparison, cheap, cheapest, value for money.
