Large and perfect size: the size of this extended mouse & Keyboard pad is 800Å—400Å—2.5 mm (31.5Å—15.75Å—0.12 inch) which will fit your desktop perfectly and provide perfect movement space. Applies to all types of keyboards and mice.

Ultra-smooth Surface: The XXL mouse pad designed with superfine fiber braided Material, the smooth surface allows more accurate mouse movement. Optimized for fast movement while maintaining excellent speed and control during your work or game.

Non-slip rubber base: dense slip-resistant shading can firmly grip the desktop to provide stable operation of the mouse and keyboard. It can effectively prevent the mouse and keyboard from sliding and moving.

Water resistant coating: effectively prevent accidental damage from spilled liquid. When liquid splashes on the desk pad, It will form into water drops and slide down. It's easy to clean and will not delay Your work or game.

Durable and comfortable material: adopting High elasticity natural rubber material, This mouse & Keyboard mat will provide you with the maximum comfort using experience. The durable stitched edges protect the pad from wear, deformation and degumming. VicTsing Big Mouse Pad with Double Stitched Edge
